

Central Bank

MERCHANT SERVICES

MOBILE PAYMENT PROCESSING

Plug in an encrypting, card-reading device and transform your smartphone or tablet into a mobile card processing terminal to process transactions virtually anywhere, anytime. You can accept payments wherever you have wireless coverage from your cellular provider.

FEATURES & BENEFITS

- Full virtual terminal functionality
- Swiped and keyed sales transactions
- Web application with reporting
- Email receipts
- Add photo of merchandise to send with receipt
- Add invoice numbers
- Signature capture
- Mobile encrypted card reader
- Email and phone support

DESIGNED FOR

- Any business with mobile needs
- Brick and mortar businesses in need of a supplemental solution for events

Central Bank offers competitive rates and product options for processing. For more information on Central Bank's Merchant Services and their related cost, contact a Merchant Sales Officer at 859-253-6357 or 859-253-6288, or contact your Relationship Manager. Merchants will be required to complete a detailed application and to enter into a Central Bank Merchant Agreement in order to open an account. All applications are subject to business type and credit approval.
